Governing  
Values

**Relational:** Students and leaders will take on the invitation to have a relationship with Jesus, and relate to others as they focus on impacting their relational world for Jesus. As we live with God each day we grow in our relationship with Him by prayer, scripture reading, fellowship, and listening to the Holy Spirit.

**Purposeful:** Jwalk will always lead students to know God's purpose for their life and continually take steps forward in their faith. From non-believer to fully devoted follower of Jesus Christ, Jwalk will target and grow students through evangelism, worship, fellowship, discipleship, and ministry.

**Truthful:** Centered on the truth that Jesus is the only way to live, the truth of this world, and the way to true life. Jwalk will always be a place where people are authentic, real, honest, and work together to love God and love others.

**Family friendly:** Jwalk works with parents, friends, and family to lead students closer to God. Jwalk helps families live together with Christ as the center, grow children in the ways of the lord, equip families to live in health, and encourage families to succeed.
